

Expanding the Circle

A Partnership Between the North Central Conservancy Trust, the City of Stevens Point, and the Green Circle Trail

This green space was protected through the vision of several community partners. In 2019, the North Central Conservancy Trust (NCCT) purchased this 5-acre parcel and an island in the Wisconsin River with a grant from the City of Stevens Point. The Green Circle Trail constructed the path that meanders through the property. Thanks to these partners, this beautiful area can now be enjoyed in perpetuity.

The Green Circle Trail was rerouted to provide public access through the NCCT property.

Located adjacent to Bukolt Park, NCCT staff and volunteers worked closely with partners and community stakeholders to develop a vision and strategy for protecting and managing this property.

Get involved!

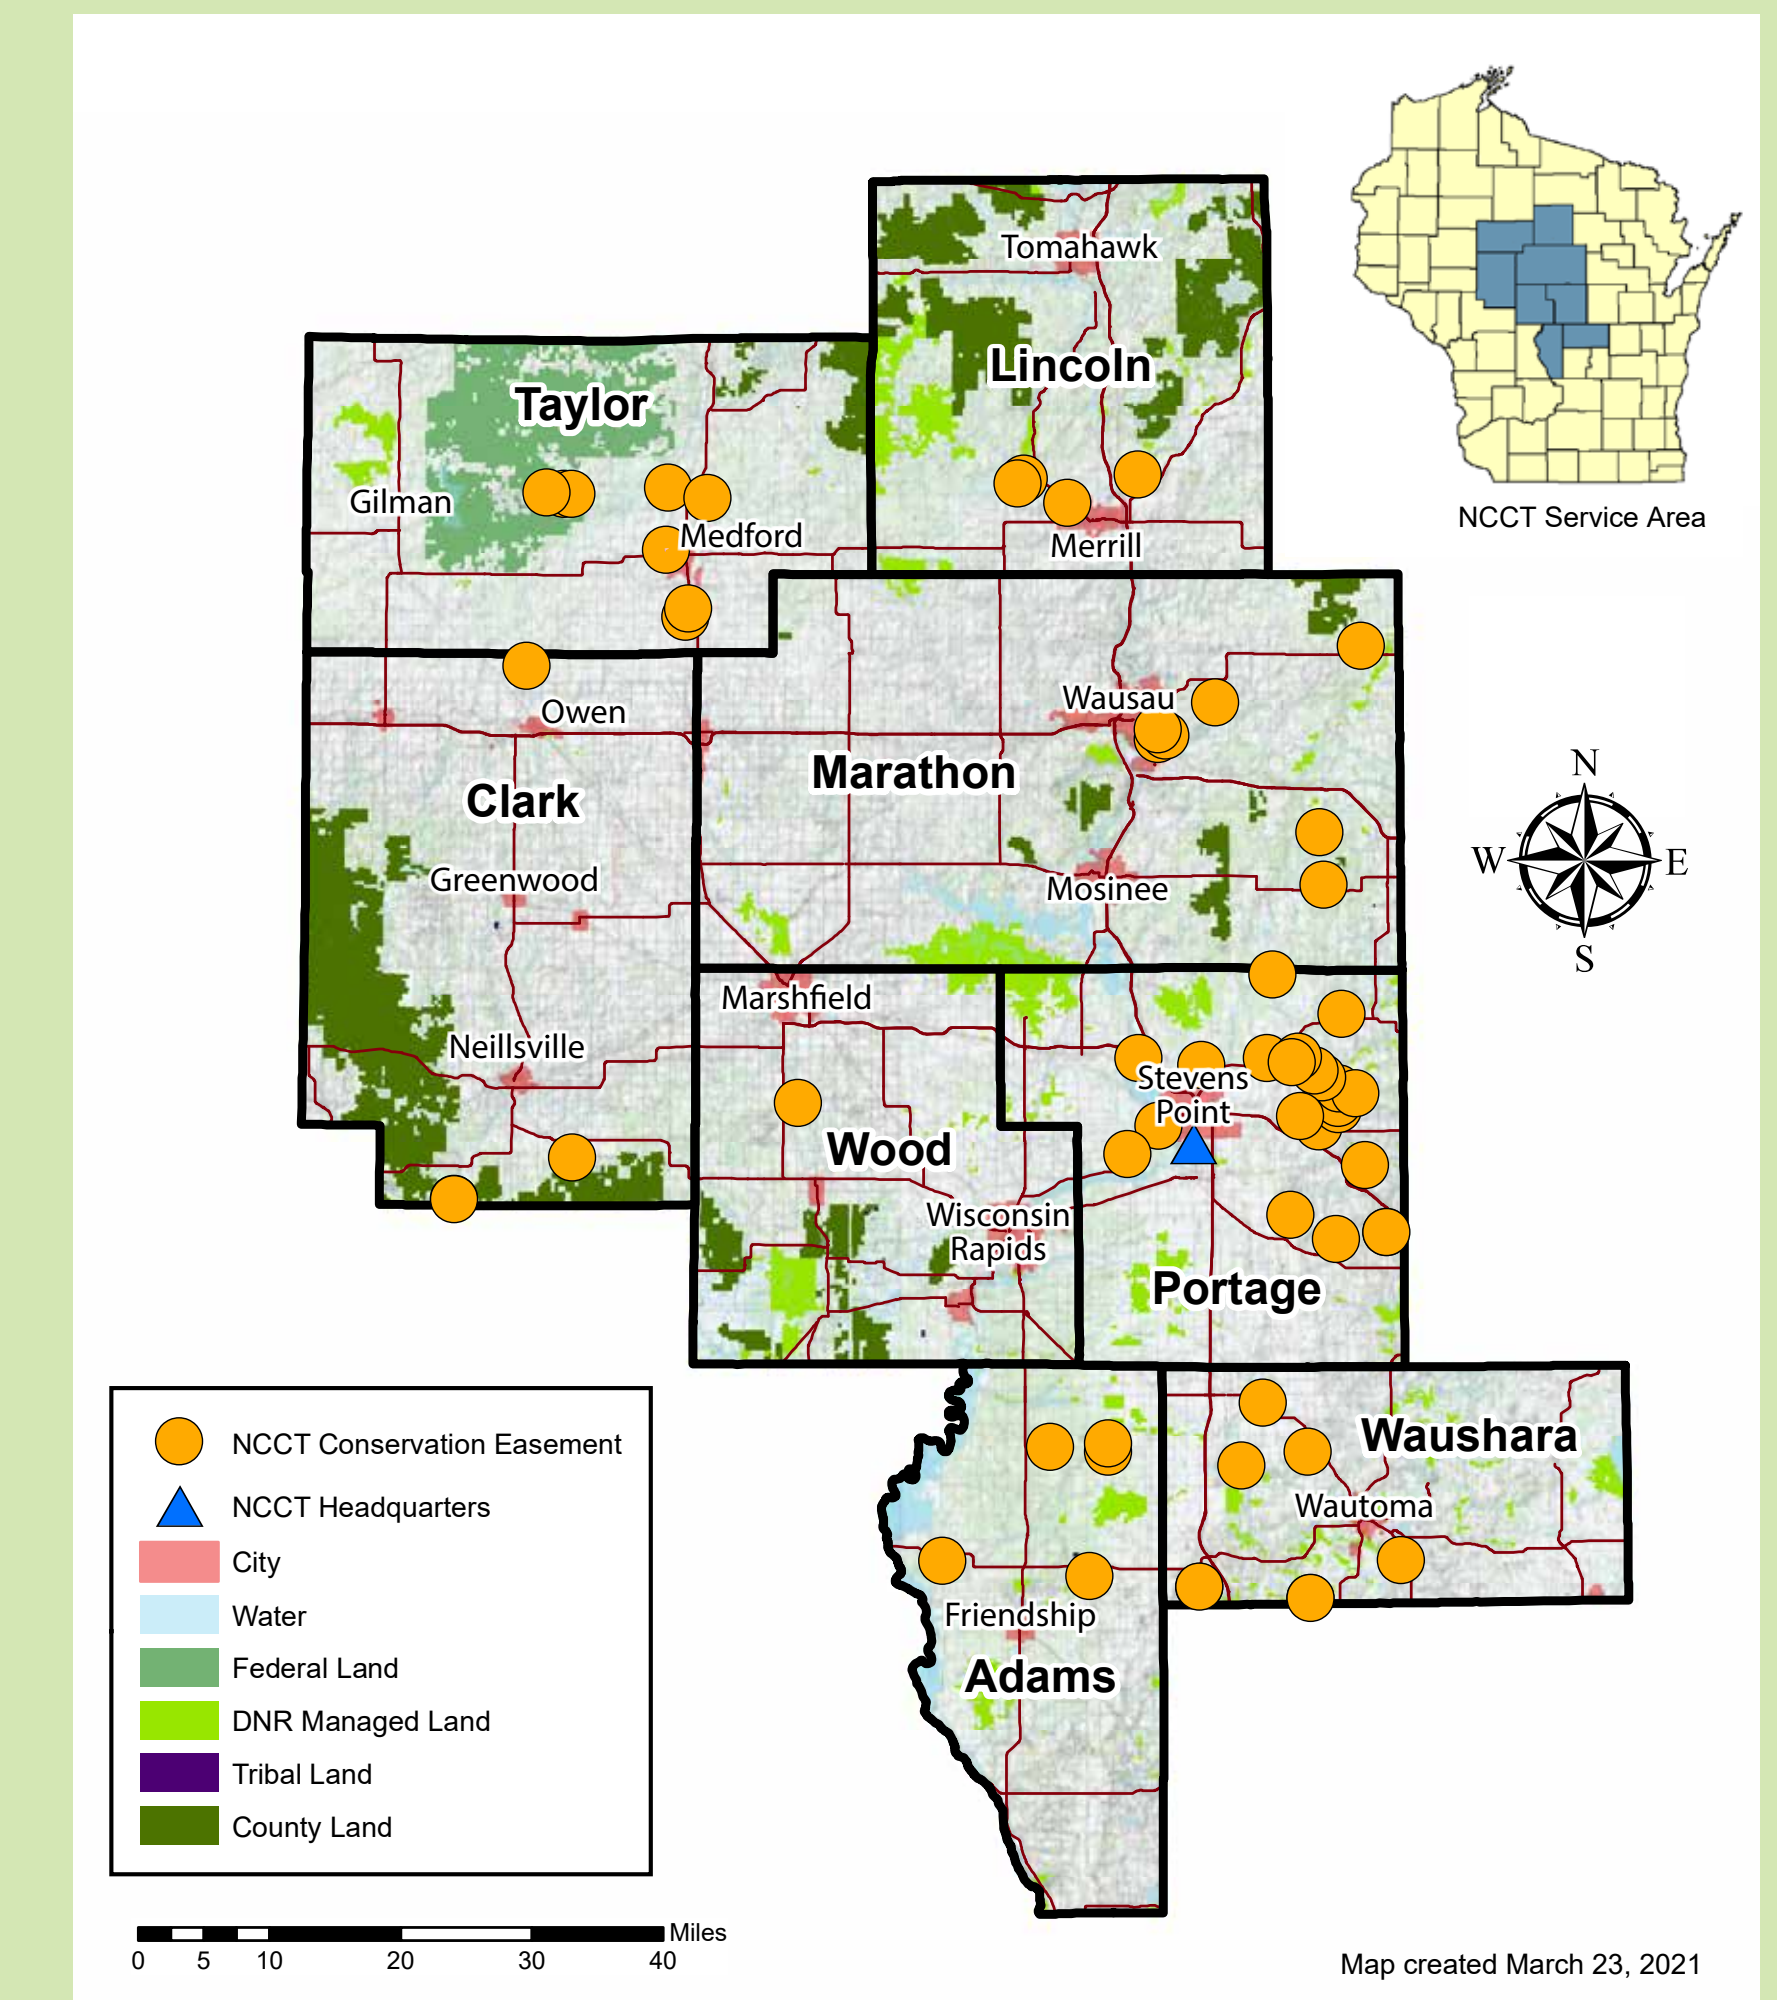

Established in 1994, the North Central Conservancy Trust is a non-profit organization with a mission to conserve the natural heritage of Central Wisconsin through the protection of land.

There are many opportunities to volunteer with the NCCT, including property stewardship, advocacy, easement site visits, workdays, property walks, and more. Contact us for more information about becoming a member or volunteering!

NCCT Conservation Easements

NCCT protects over 4,400 acres in Central Wisconsin, mainly through the development of **conservation easements**. These voluntary land protection agreements limit human activities that may compromise the ecological integrity of these special places, legally protecting the lands forever. Contact us for more information about protecting your land!
